DETAILED ACTION

Allowable Subject Matter

1. **Claims 1-5 (3-6, 8),** are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding **claim 1 (3)**, the present application teaches a point to multipoint satellite communication system, comprising as specifically mentioned on claim 1.

Regarding **claim 3 (5)**, the present application teaches a method of performing communication in a point to multipoint satellite communication system, comprising as specifically mentioned on claim 3.

Regarding **claim 4 (6)**, the present application teaches a point to multipoint satellite communication system, comprising as specifically mentioned on claim 4.

Regarding **claim 5 (8)**, the present application teaches an earth station for use in a point to multipoint satellite communication system, comprising as specifically mentioned on claim 5.

The closest art to the present application such as Mallinckrodt discloses satellite nodes that receives the transmission from the omni directional satellite antenna returns a

forward call report and a signal quality report to the system network control center which designates a particular satellite for handing the call. Mallinckrodt fails to teach repositioning of an antenna that is connected to a satellite node control to receive the return signal from the antenna of the other satellite during periods when the sun transits behind the satellite.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
